

Dr. Marco de Bruijn, DVM, Dipl. ECEIM

Doctor Marco de Bruijn is a 1997 graduate of Ghent University in Belgium. He completed an internship at Equine Hospital De Morette in Asse, Belgium. From 1998 to 2003 he successfully fulfilled his residency in Equine Internal Medicine at the Utrecht University in The Netherlands. After working in a mixed practice in the southern part of The Netherlands for one year, he joined the Equine Hospital Wolvega, Friesland, where he works as a Specialist in Equine Internal Medicine. In January 2007, he became a Diplomat of the European College of Equine Internal Medicine by examination and is currently the co-owner of the Wolvega Equine Clinic. The main caseload in the clinic consists of Friesian horses, trotters and sport horses. Marco's main areas of expertise are in the fields of Sports Medicine and Abdominal disorders.
