The Foundation will need access to veterinarian and veterinarian-related documents (X-rays, medical records, etc) If requested, will you authorize your vet to share this information? Yes _____ No _____

Each form must also include current digital photos of the following:

- *(1) full frontal face shot
- *(2) body shots – one from the left, one from the right
- *(1) shot from behind – “hips to feet”
- *(4) leg shots – one up close shot of each leg

Upon receipt of the preceding information and photos, the Fenway Foundation for Friesian Horses Inc. will begin the vetting process for placement in the best forever home. Upon acceptance of and by the adopting party, the aforementioned horse is surrendered to the Fenway Foundation. All surrenders/rescues/adoptions are closed unless the new owner (previously referred to as the “adopting party”) is willing to open communication with the surrendering owner.

I have read and understand the conditions of the Surrender Agreement:

Signature of Surrendering Owner
